

Aarjay International Pvt Ltd is a single source for a wide range of test & automation solutions.

Our solution offerings include electronics test and measurement instruments, automated test equipment (ATEs), radar and GNSS simulators, avionics testing products, and process automation solutions.

Aarjay serves customers across various sectors, including Automotive, Aerospace, Défense, Education, Space, and Industrial Products & Solutions

## Test & Measurement Solutions

Oscilloscope, DC Power Supply, AC Power Supply, AC Grid simulator, DC Electronic Load, AC Electronic Load, Digital Multimeters, Recorders & Data Loggers, Power Analyzer, Signal Generators, RF Spectrum/Signal Analyzers

LCR & Resistance Meters, Source Measure Units, Vector Network Analyzer

Field Measuring Instruments, Radar Target Simulator, GNSS/GPS Simulator

Battery Formation & Testing, Battery Pack Testing,

## Engineering & Automation Solutions

Automated Test Equipment, Industrial Automation

Power Monitoring Solutions, Test Benches & Lab Solutions
